WEEKLY Horoscopes

for July 9th - 15th

ARIES – Mar 21/Apr 20
There is nothing that you cannot handle this week, Aries. Expect to juggle a lot at the same time, but somehow you make it look easy. A calm demeanor is a big asset.

TAURUS – Apr 21/May 21
This week will be fairly quiet for you, Taurus. You are likely to connect with a task and dig down deep until it is completed. If someone tries to persuade you to take a break, you likely won't.

GEMINI – May 22/Jun 21
Many forces are working together to provide insight, Gemini. Take a step back and consider all of the variables in play. The solution may be simpler than you can imagine.

CANCER – Jun 22/Jul 22
Cancer, there is no time for daydreaming right now. You will be tasked with managing multiple projects in the days head. Remain focused.

LEO – Jul 23/Aug 23
Are you getting pummeled by obstacles, Leo? It could be that you need to set aside more time to yourself to complete the tasks expected of you. You also may need to ask for help.

VIRGO – Aug 24/Sept 22
Virgo, an ability to communicate clearly is among your most notable assets. If you have thoughts about explaining your ideas to others, keep reinforcing your goals.

LIBRA – Sept 23/Oct 23
Libra, your projects will take some time to set up. A patient approach will pay off as results begin to materialize. Your ability to multi-task will drive you forward.

SCORPIO – Oct 24/Nov 22
Let go of a habit or a resentment that no longer serves you, Scorpio. Just like a snake sheds an old skin, you'll feel lighter and ready to tackle anything.

SAGITTARIUS – Nov 23/Dec 21
Sagittarius, when a person has found his or her path, naturally the desire is to start walking down it. You are eager to get started on something that has been on your mind.

CAPRICORN – Dec 22/Jan 20
Capricorn, keep an open mind so you can discover new experiences. You don't have to completely reinvent yourself, but make a concerted effort to be open to new ideas.

AQUARIUS – Jan 21/Feb 18
The horizon is clear and you have all of the information you need to navigate what life is throwing at you right now, Aquarius. Keep the faith that you are on the right path.

PISCES – Feb 19/Mar 20
Pisces, share your experiences and feelings with someone close to you. Let your feelings out and express your gratitude to the person who lends a listening ear.

I hope everyone had a safe and fun 4th of July Holiday. Summer is in full swing now with lots of great family activities planned I am sure. Something to watch for, you salmon anglers out there, are the numbers of summer runs passing over Bonneville Dam. They are very encouraging!

I recently traveled to Hayden, Idaho to check on the progress of the rigging of the new Thunder Jet Luxor. The folks at Mark's Marine wanted me to come over and check on the placement of a few items that are going on the boat, like the placement of the 12 inch Garmin at the helm. They also wanted to show me how they had mounted the transducer mount for the Garmin Active Target 360 unit. Instead of the typical gunnel placement, they mounted the bracket on the offshore platform. This assures the best performance of the unit as it clears the bottom of the hull. This placement works with this model of the Thunder Jet Luxor as it is built with a transom door. There is easy access to the mounting bracket to tilt it for travel or remove it from the boat, with the flip of a couple of switches. Since the Garmin Active Target 360 is operated with a remote, there is no need to reach the unit to change the direction that it is reading. This is just one of the thoughtful details that Mark's Marine puts into the rigging a boat in their shop.

When I was in Hayden, Idaho visiting the folks at Mark's Marine, I planned to be there a couple of days. John Calder, sales manager, knew I would be around, so he called Tony Johnson, who delivers boats for Mark's Marine and is an active angler. Tony said he would be happy to take me fishing the next morning and he and his fishing buddy Joe Cimino picked me up at the dealership. He thought the best fishing in the area at that time would be for kokanee on Lake Coeur d'Alene, and we put his Thunder Jet in the water at the Sun Up Bay boat ramp, at the south end of the big lake. We ran out to the bay where a friend had found fish earlier and put two rigs out on downriggers and one out the back on a snap weight. We sorted through blade and spinner colors and found that pink hoochies worked the best. We headed for the dock at about noon with eleven kokanee in the live well, and we lost at least that many. Most of the fish were in the 16 to 18 inch class. What a morning! This week's photo is of a couple of kokanee that we caught.

I want to thank all of you that have subscribed to the FishingMagician.com Facebook page. It may not seem like much, but it really helps keep me on the road and afloat to do the reports that I do. You will soon be seeing information about fishing opportunities in north Idaho, in addition to the areas that I have been covering for years. All of this costs. The time and travel, fuel and licenses, etc. I also wanted to let you know that I have recently produced a series of videos that include reviews of some of my favorite products. These will be available only to subscribers to the FishingMagician.com Facebook page. Things that I personally use when I am fishing for the different species available to us in this region. There are some tips and tricks that I share with subscribers as well. If you like what I do and want to learn more about what I use to catch fish and the products that I personally prefer, just click on the Subscriber button on my page. Thanks in advance!

I recently posted a success story about the sockeye returns to the Skagit River and the Baker River. It is really great to hear about the rebound of this run. With the closure of the Columbia River to sockeye fishing this year, you can bet that anglers will be flocking to Baker Lake. I have considered going over there as it is a very scenic place to fish and the sockeye are reported to be even larger than the ones that we catch at Lake Wenatchee. However, the prospect of trying to even get out on the water and then the crowd on the lake isn't something I would not want to experience. While some fisheries are on the rebound the Columbia River sockeye run is tanking. Recently, less than 70,000 sockeye had passed over Bonneville Dam. I think there is very little hope that this run will approach the forecast of 274,000. The sockeye forecast for the 2026 season has been downgraded to 87,200. Even the hope of a season on Lake Wenatchee is getting doubtful, although it is a separate run. There are other fishing opportunities that I have missed out on due to the time I spent on Lake Wenatchee the past few years. This would be the year to take advantage of them.

My neighbor, Heidi Swoboda, is a professional photographer and has hosted meetings for the Professional Photographers of Washington at her home here in Leavenworth. Last weekend was just such an occasion and one of the activities that Heidi offered was to go to Fish Lake to get some shots of the ospreys and bald eagles. I was invited to go along and pilot one of the three pontoon boats that she had reserved for the morning at the Cove Resort. When we arrived, there were white caps on the main lake, and it was decided it would be best to stay in the cove at the resort where the water was calm and it was a lot warmer as we were out of the chilly wind. We were able to get some shots of blue herons, ospreys and eagles right in this bay. The wind settled down a bit, and we were entertained by more ospreys and eagles. I didn't really get a chance to attract the birds near the boat by tossing small perch out on the water. Still, the chatter of camera shutters was heard throughout the morning, and everyone enjoyed the outing.

HISTORIC PHOTOS of IDAHO PANHANDLE

July 4, 1913

The first organized and successful regatta was held near the City Park on July 4, 1913. It was so well attended that plans were made to build a large grandstand on the east side of Tubbs Hill to accommodate the crowds. When completed in 1914 steamboats transported people from the city docks to the regatta stadium. Round trip fare was only 25 cents. Some people chose to ride the electric train to 11th Street and walk to the regatta grounds. Events included motorboat racing, swimming and canoe racing, log rolling contests, and a variety of other aquatic activities.

APOLLO DEFENDS GOLD CUP WITH SHANE REGATTA OVERCOMES CHALLENGING DEBRIS-DELAY WEEKEND

H1 Media & NW Motorsports Report

Madison, Indiana (July 5, 2026) — The engraver producing the plate that goes on the Gold Cup will not have much to change other than the name of the driver.

After the Miss Apollo won the prestigious trophy in 2025 in Tri Cities with Dave Villwock at the controls, this time it was Jimmy Shane who drove to victory on another river course.

Patience paid off on Sunday at the Madison Regatta as determination from organizers, city officials, volunteers, race teams, and fans ensured the 2026 APBA Gold Cup would crown a deserving champion.

Following an extended delay while crews worked tirelessly to clear debris from the Ohio River upstream of the bridge, the Madison Regatta organizing committee, alongside the City of Madison, made the decision to keep the race course open longer than originally scheduled.

Their efforts allowed two additional qualifying heats to be completed, giving every team the opportunity to race the mandatory three qualifying heats required to determine the five-boat Gold Cup Final field.

When the final went green, Shane delivered a flawless performance aboard the U-27 Miss Apollo to capture the 116th APBA Gold Cup in his return to H1 Unlimited competition after a four-year absence.

The victory marks the sixth Gold Cup title of Shane's remarkable career, further cementing his place among the greatest drivers in the history of the sport.

Corey Peabody capped off an impressive weekend with a strong runner-up finish, while J. Michael Kelly completed the podium in third. Andrew Tate crossed the finish line in second place but received a bearing out penalty, moving him to fifth in the official results. The U-6 Royer Miss Madison finished sixth as the trailer boat.

H1 Unlimited now turns its attention to the next stop on the 2026 championship tour in Tri-Cities, Washington, where the season continues in just a few weeks.

Fans can follow H1 Unlimited throughout the weekend on social media and watch live coverage online at youtube.com/h1unlimited.

Official Final Results
U-27 Miss Apollo – Jimmy Shane
U-3 Tahoe Miss – Corey Peabody
U-00 Maverick – J. Michael Kelly
U-6 Royer Miss Madison
U-1 Miss BWR Racing – Andrew Tate
